

## **Final Rule Stakeholder Call**

**Topics: Update on Progress in Obtaining Initial Approval, Update on Receiving Technical Assistance, and Update on the Systemic Assessment**

**01/16/2019**

### **Noon call (19 participants on the line)**

- 1. Question/Comment:** I don't remember hearing about systemic exception. Can you please elaborate?

**KDADS:** If I said it wrong I meant assessment. The workgroup working on the systemic assessment is wrapping up the work on that, but we need input from DCF to see if there are impacts to their settings.

- 2. Question/Comment:** Can you please summarize the first few minutes of the call as we were late getting on?

**KDADS:** Kansas is still working for initial approval for the plan. We're in the process of responding to CMS' feedback. We will be restarting technical assistance calls in early February. We're wrapping up the systemic assessment, except for the DCF portion, and we're looking at their policies and procedures.

- 3. Question/Comment:** I was just wanting to clarify what is Michelle's full name and is she taking over for Cindy?

**KDADS:** Michele Heydon is serving as interim director right now.
