Evening call (10 Participants)

- 1) Question/Comment:** Do we have a timeline for when we can add new sites to the account that we have opened since this process started?

KDADS: We do not have a specific timeline yet but that is part of what we are calling the ongoing monitoring system. Once we have completed planning ongoing monitoring we will notify providers of what steps they need to take to get those sites in the system.

We need you to go to the Community Connections website and scroll down to the page where it says to add a new site. Complete that form to notify us of a new site.
